Dear Campers & Parents,

Welcome to the University of Wisconsin-Madison Badger Sports Camps! I am the Health Services Supervisor and a Licensed Athletic Trainer overseeing all of the health services for the Badger Sports Camps on campus. I have a few reminders and advice for your time here at camp whether it is for a few hours or several days!

If you completed your registration online, all required health forms are completed. You can update the forms at any time by logging into your account at [uwcamps.com](http://uwcamps.com). Please do this if you registered for camp far in advance, as health information can change. If you need to take more breaks during activity for health reasons, do not hesitate to let your counselor know.

The health services provided at camp include a large, trained health staff to quickly respond to on-site emergencies and administer medications as authorized. There will be bandages, tape, ice bags, water, and emergency supplies available during the camp. If you know you need taping (i.e. ankle sprain) each activity session, please bring your own supplies for camp and we will do the taping for you.

If you need to bring medications to camp, please bring **ONLY** what is needed for the length of stay. Medications must be in original bottles. Over the counter medications such as Tylenol, Advil, Zyrtec, Claritin ARE considered medications. All medications are required by Wisconsin State Law to be collected and administered by Health Staff for minors. They will be returned at the end of camp. Emergency medications such as inhalers, epi-pens, and insulin pumps will **NOT** be collected. These must be with the prescribed person at all times. When packing your bag, please remember to bring any sunscreen, bug spray, hats, or sunglasses you need for outdoor activity. These will not be provided.

Many of our camps are high intensity and the campers want to perform at their best skill level. To help limit injury and illness, keep fitness levels up prior to camp, eat well-balanced, nutritious meals, stay hydrated, rest as needed between sessions and at night, maintain proper hygiene, and take care of sore muscles with proper recovery. Play safe, play smart, follow the rules on and off the fields, and have fun!

Sincerely,

Eric J. Linnell, MS, LAT  
Health Services Supervisor
