### **Team Camp Theme Days:**

Over the past years, we started a t-shirt theme for each day of team camp to bring all of the teams attending together individually and with our camp. This idea has been a huge hit and we'd like to continue it at this year's camp! Below is the one day theme so that your team (and your captains) can coordinate together on what they'd like to wear for that day of camp. We didn't intend this to add any additional costs, so please do not feel that you need to purchase anything additional or specific for camp. We wanted to make sure to provide a broad theme that would be easily done by all team members without the need to feel that they have to add to their camp fees. We hope this brings your one day team and our overnight teams together into a cohesive camp day!

***Camp Day: Team/School Color Day (this is our competition day, so time to show your school pride!)***

### **LETTER FROM COACH KELLY SHEFFIELD**

Camper & Parents,

Thank you for signing up for Badger Volleyball Camps this summer. We are so excited and looking forward to this - and hopefully you are as well! This is quite an endeavor. Over the course of three weeks, we will have approximately 2,000+ campers from 20+ states and other parts of the world. We will have more than 90 coaches from across the country to help teach "The Badger Way." At team camp we will have over 45 programs joining us this summer.

It is extremely important to me that this is a great experience. Although with a group this large I understand that 100% satisfaction is unlikely, it doesn't mean we aren't striving to get there. Every year we are trying to find ways to make things better. Below are a few things that I'd like to touch on so that you have an understanding of my philosophy.

**Camp Philosophy:** This is what I tell our coaches: This is not high school season and this is not a club team. This is a camp experience! We are going to teach what we know, with the understanding that skill development can take much longer than the time the campers will be here on campus. Our goal is for every camper and team to be safe, have fun, and learn

**UWCAMPS.COM**

a few things that they can carry forward with them. Our coaches will work them hard and encourage them to get out of their comfort zone, but we will be positive and supportive with our approach. I hope you understand why we feel this is the best approach for a 1-3 day camp.

**Coaching:** We hire coaches from all over the country. These coaches are other college coaches, club coaches, high school coaches, and current and former Badger Volleyball players. Before being hired, we complete background checks on every coach. We have also sent out a 15-page packet that details the techniques, progressions, drills, and goals for our camps to every coach. Prior to every camp we have a camp meeting with all coaches to make sure everyone is on the same page with how we want to teach the game, and so everyone understands that safety and fun are the two main priorities. We then have demonstrations so that not only do the campers know what we will be doing, but so that the coaches can also see how I (or a member of my staff) teach the skills. We have the Badger Volleyball players work the camps as well while they are in summer school. We know campers love having them around, and unfortunately not every court will have a current player on it. If your camper's favorite player isn't on their court, please encourage them to sit down and have a meal with them – I'm sure both will love it!

**Safety First:** There are certain rules that are non-negotiable. Behaviors such as sneaking out of the dorms, or other things at that level, will not be tolerated and will be immediate cause for removal from camp. We have not had this happen in the past, but we want to make sure the consequences of such behavior are clear in advance. We have many staffers that will be staying in the dorms, managing the bus and practice schedule, and organizing where campers should be. Attendance is taken constantly to make sure that everyone is accounted for at all times. We also hire Health Services staff in each of our facilities to assist with minor injuries or illnesses. Although not a "safety first" issue, the food the campers will be eating, well, I can't imagine a camp offering better dining anywhere than at our Gordon Dining and Event Center!

**Year-to-Year improvement:** This is something that is very important to us. We really try to find ways to get better every year. After each camp we send a survey to each family. I encourage you and your camper to give us your feedback. We look through every one and try to see what we are doing right and things we could be doing better. We also take a close look at our evaluations on our coaches. Coaches who don't receive great evaluations are not invited back for the following year.

I hope this letter helps you better understand our approach to camp. Thanks again for choosing the Wisconsin Volleyball Summer Camps. I appreciate the time and money you are spending in order to let your daughter/son attend. We are going to do everything we can to help make it a great experience for them!

GO BADGERS!  
Kelly

## HEALTH SERVICES

Dear Campers & Parents,

Welcome to the University of Wisconsin-Madison Badger Sports Camps! I am the Health Services Supervisor and a Licensed Athletic Trainer overseeing all of the health services for the Badger Sports Camps on campus. I have a few reminders and advice for your time here at camp whether it is for a few hours or several days!

If you completed your registration online, all required health forms are completed. You can update the forms at any time by logging into your account at [uwcamp.com](http://uwcamp.com). Please do this if you registered for camp far in advance, as health information can change. If you need to take more breaks during activity for health reasons, do not hesitate to let your counselor know.

The health services provided at camp include a large, trained health staff to quickly respond to on-site emergencies and administer medications as authorized. There will be bandages, tape, ice bags, water, and emergency supplies available during the camp. If you know you need taping (i.e. ankle sprain) each activity session, please bring your own supplies for camp and we will do the taping for you.

If you need to bring medications to camp, please bring **ONLY** what is needed for the length of stay. Medications must be in original bottles. Over the counter medications such as Tylenol, Advil, Zyrtec, Claritin **ARE** considered medications. All medications are required by Wisconsin State Law to be collected and administered by Health Staff for minors. They will be returned at the end of camp. Emergency medications such as inhalers, epi-pens, and insulin pumps will **NOT** be collected. These must be with the prescribed person at all times. When packing your bag, please remember to bring any sunscreen, bug spray, hats, or sunglasses you need for outdoor activity. These will not be provided.

Many of our camps are high intensity and the campers want to perform at their best skill level. To help limit injury and illness, keep fitness levels up prior to camp, eat well-balanced, nutritious meals, stay hydrated, rest as needed between sessions and at night, maintain proper hygiene, and take care of sore muscles with proper recovery. Play safe, play smart, follow the rules on and off the fields, and have fun!

Sincerely,  
Eric J. Linnell, MS, LAT  
Health Services Supervisor
