## JUNIOR BADGERS

As each camper progresses through this camp, they will begin to learn and incorporate more competitions and game strategies. This camp is perfect for girls and boys that have just started volleyball and that have been playing middle school, youth, and club volleyball for less than 2 years. Campers within this camp will be separated by their age and experience level.

## BADGER CAMPS

ADV COLLEGE PREP: JULY 8-10  
BADGER CAMP: JULY 16-18  
BADGER BOYS CAMP: JULY 16-18

Grades 7-12

Our **Badger Advanced College Prep** and **Badger** camps are our highest level sessions for kids of all levels and positions from grades 7-12. During these camps, individual instruction will be like that of the Badger volleyball program including skill development, positional development, personal development, and competitions. For our Badger camps, campers will be separated into groups based on their skill level and position skill level.

The Advanced College Prep Camp will work on an accelerated training plan that will incorporate higher-level concepts at a faster pace than the original Badger camp. With the high demand for our Badger style camps, we will also offer our a second girls' session that will emphasize similar training.

For campers entering grades 7 and 8 that have been playing club volleyball for a couple years, we recommend one of the Badger Camps compared to our MS Camp.

## POSITION/SERVING CAMPS

SESSION I: JULY 19  
SESSION II: JULY 20

Grades 6-12

Our **Positions and Serving camps** are for girls of all levels from grades 6-12. Within each of these camps, each camper will be getting maximum repetitions and instruction on the skills and techniques that encompass excelling at that given position. You will only be able to be with one position for that session.

For our Serving camps, each camper will get repetitions breaking down all the elements that make great servers. This will include techniques for serving and also strategy for serving. For both of these camps, campers will be grouped by their age and experience level.
