

WISCONSIN VOLLEYBALL CLINICS

One Day Team Camp – July 14, 2024

Thank you for your interest in our 2024 Wisconsin Volleyball One Day Team Camp for your volleyball program! Over the past eleven years, our Team Camp has hosted programs from across the Midwest including teams from WI, IL, MN, IA, NE, MO, ND, IN, and OH! On top of the diverse locations of the programs that join us, we are excited to see multiple teams from our previous camps be crowned State Champions across multiple divisions in their respective states!

Each year, our team camps welcome a wide range of programs and teams including those attending for the first time to others that have been with us since our staff first began in 2013. Our camp is designed to accommodate teams of all levels including beginner-advanced, Club, Freshman, JV, and Varsity programs. Our One Day Team Camp is a companion camp to our Overnight Team Camp in which teams join with the programs already in our Overnight Team Camp for learning and competition.

Camp Format

For 2024, our One Day Team Camp will have teams join our Overnight Team Camp teams on July 14th. These teams will then learn and compete against other programs throughout the course of two on-court sessions. Differing from our Overnight Team Camp, teams that join the One Day camp will need to have a coach or program representative accompany the team throughout the course of the day. In joining with the other teams, all teams will then compete in our Bucky Championship.

Camp Housing and Meals

This One Day camp will include lunch at the state-of-the-art Gordon Dining and Event Center across from Sellery Hall.
