Spectating in Rec Well Facilities:

(Nicholas Recreation Center or Bakke Recreation & Wellbeing Center)

While Badger Sports Camps welcomes spectators to watch all aspects of camp, please note that not all sessions take place within Wisconsin Athletics facilities. Each facility may have its own regulations regarding spectators at camp. Below are a few notes for spectators with campers who have sessions in the Nicholas Recreation Center, or the Bakke Recreation & Wellbeing Center.

- Spectators must enter through the main entrance of each facility and stop at the front desk to be granted access into camp sessions.
- Spectators are not to use, or be on, any of the fitness equipment within any Recreation & Wellbeing Facility.
 - o Spectators interested in using the facility for fitness purposes MUST stop at the welcome desk upon arrival to purchase a day pass.
- Spectators may not spectate from the track or any other areas within the facility; spectators must stay where camp activities are taking place.
- No food or beverages are allowed in Recreation & Wellbeing Facilities (besides water) in a shatter-proof container.
- Minors that are not part of camp and are attending with a spectator must be accompanied at all times by their responsible adult.

Anyone found not in compliance will be asked to leave and will be escorted out of the facility. We appreciate your diligence in following the above, and in making camp activities a safe and positive experience for all.

HEALTH SERVICES

Dear Campers & Parents,

Welcome to the University of Wisconsin-Madison Badger Sports Camps! As a Licensed Athletic Trainer overseeing all of the health services for the Badger Sports Camps on campus, I have a few reminders and advice for your time here at camp whether it is for a few hours or several days.

As the date of your camp nears, we recommend that all campers self-monitor for symptoms of communicable diseases such as fever, chills, stuffy or runny nose, sore throat, cough, headache, muscle or body aches, and fatigue. Please do not report to camp if you feel ill.

If you completed your registration online, all required health forms are completed. You can update the forms at any time by logging into your account at uwcamps.com. Please do this if you registered for camp far in advance, as health information can change. If you need to take more breaks during activity for health reasons, do not hesitate to let your counselor know.

The health services provided at camp include a large, trained health staff to quickly respond to on-site emergencies and administer medications as authorized. Health Services Staff will provide access to first aid care and supplies, water, and ice for treatment purposes as needed.

If you need to bring medications to camp, please bring **ONLY** what is needed for the length of stay. Medications must be in original bottles. Over the counter medications such as Tylenol, Advil, Zyrtec, Claritin **ARE** considered medications. All medications are required by Wisconsin State Law to be collected and administered by Health Staff for minors. They will be returned at the end of camp. Emergency medications such as inhalers, epi-pens, and insulin pumps, and diabetic supplies will **NOT** be collected. These must be with the prescribed person at all times.

When packing your bag, please remember to bring any sunscreen, bug spray, hats, or sunglasses you need for outdoor activity. These will not be provided.

Many of our camps are high intensity and the campers want to perform at their best skill level. Please come to camp prepared and continue this during camp. To help limit injury and illness, keep fitness levels up prior to camp, eat well-balanced, nutritious meals, stay hydrated, rest as needed between sessions and at night, maintain proper hygiene, and take care of sore muscles with proper recovery. Play safe, play smart, follow the rules on and off the fields, and have fun!

Sincerely,

Olivia Bodway, MS, LAT
Staff Athletic Trainer

GATORADE SUMMER PROGRAM

At the University of Wisconsin – Madison, we make sure our athletes have the right tools on and off the field to work hard. Staying hydrated is essential, which is why we will have Gatorade on the sidelines throughout camp. To learn more about the science behind Gatorade, visit www.Gatorade.com.
