

WISCONSIN VOLLEYBALL

COACHES CLINIC – FEBRUARY 1ST 2025

The Wisconsin Volleyball program would like to invite you to our 2025 Coaches Clinic! This year’s clinic will be held on February 1st in the historic UW Field House, home of the Badger Volleyball team. Our clinic will feature a wide range of topics presented by our Wisconsin Volleyball staff and our invited guest clinicians. Clinic participants will be able to choose between different on-court and off-court sessions throughout the morning and afternoon segments of the clinic.

As a participant at the clinic, you will get an inside look at our program and the training that we use with our team and players. All participants will receive a coaches packet at check-in as part of their registration outlining the clinic, the sessions, and space for note-taking.

Our clinic is open to all volleyball coaches and fans at any level (elementary/middle/high school, club, college, boys/girls) that are looking to learn and interact with our clinic staff and other coaches.

We hope to see you in Madison for this year’s clinic! On Wisconsin!

Kelly Sheffield
Head Coach
